BLOC 11 RECYCLED Black | Black 34/35 - 46/47

100% RECYCLED

BLOC is a one-piece clog designed for long lasting comfort and easy maintenance.

Description

BLOC, is a monocolored occupational clog entirely made of polymeric materials and with the following components:

- Antistatic insert;
- Heel-strap; 3
- Ventilation holes.

Users

BLOC, is ideal for activities in which professionals spend many hours standing and, who hence have a tendency to suffer foot discomfort or lower body fatigue, especially to be used in:

Operation

Hospitals and Other Healthcare Institutions

Pharmaceutical Industry

Specifications

Produced in a high-quality polymer which allows sterilization in autoclave up to 134 °C for 15 minutes.

Shock Absorption

The special design helps to reduce the occurrence of micro-lesions in tendons, bones and joints, and the feeling of tired legs.

Antistatic

Promotes the dissipation of accumulated static electricity.

Protects objects and electronic equipment you work with.

Upper Liquid Protection

Avoids the entrance of liquids inside the shoe.

Removable Strap *

Increases comfort and support to the heel, as well as keeps your foot firmly in the footwear.

Breathable

Regulates the temperature and humidity of the foot.

The footwear can be machine washed up to 90 °C.

Antislip The sole is designed to reduce the risk of slipping.

Lemon Scent

The footwear has a fresh and soft fragrance, with a lemon scent. 100% Recycled (Applies to BLOC 11)

Raw material from industrial waste, such as: samples, prototypes, burrs and products that do not meet quality standards.

Materials and Technologies

BLOC is made with **Steri-tech™** technology. Its material allows sterilization up to 134 °C, is non-toxic and provides odor resistance.

The special design of the heel gives unparalleled comfort.

Technical Standard

Regulation 2016/425

EN ISO 20347:2012 OB+A+E+SRC

SATRA TM 158:1992 Washability — 90 °C.

Technical Specifications

- Heat resistance autoclavable up to a maximum of 134 $^{\circ}$ C for 15 minutes;
- Slip-resistant;
- · Resistant to abrasion;
- Recyclable.

Care and Cleaning

Wash: Machine washable up to a maximum temperature of 90 °C. Can also be steam sterilized in autoclave up to 134 °C for 15 minutes.

Dry: Wipe with a cloth or dry at room temperature.

Attention

BLOC resists to several sterilizations in autoclave, but the durability of the clog depends on following the recommended cleaning and washing instructions.BLOC also resists to several washings at 90 °C in washing machine. It is not recommended the use of bleaching agents during washing machine cycles at 90 °C.

^{*} Only applies to BLOC Strap version.
